Help Bruce & Donna Montague repeal the Firearms Act. Donate generously to the "Bruce Montague Scrap C-68 Fund"

If we do not *defend* our Rights & Freedoms now…

We will lose them *forever*.

Bruce Montague is a Dryden, Ontario area gunsmith who has been an outspoken opponent of the Firearms Act. Bruce initially declared his intention never to submit to the unjust demands of the Firearms Act publicly at the Liberty Rally on Parliament Hill on New Year's Day, 2003. Bruce repeated that declaration at Queen's Park in Toronto. After totally ignoring Bruce's public demonstrations for twenty months the OPP arrested Bruce at a Dryden gun show this September while Bruce was purchasing a saddle for his twelve year old daughter. When Bruce's wife Donna arrived to pick up their daughter she too was arrested.

Bruce is now on trial for "unauthorized possession of firearms". This is the opportunity we need to expose the fraudulent nature of the Firearms Act. To do this Bruce needs your support. Please, donate generously.
